our wives are providing the refreshments - Corn cake, coffee, and peanuts.

Christmas Eve we all go to the ladies house for a party for us. We do have a tree and have exchanged presents for gifts. Christmas Day the Jones Family will eat dinner together as we did last year. At night we go to their big house for a carol sing and supper. Supper first & then carol sing. On the morning we all go to church. Christmas are all our children are going to entertain us singing at night and playing Jingle Bells with their zithers and Tommie plays the zither and Jennie plays a drum. Are we over proud parents.

We are taking a roll of colored film of us all and our house etc. and sending it to Rochester N.Y. to be made into slides and then they are to go directly to you for a Christmas present. We hope Mr. Graham will be

on construction paper. ~~Tommie and Jennie~~ gave them to one of the leaders. Imagine the face of some poor boy in America when he was given a bicycle and you can have an idea of the joy of these two hundred children. In their big Sunday school room they have just one picture. The only pictures they ever get are what the missionaries bring. Young Sunday school children might find a similar use for old Christmas cards and send them to one of your methodist missions at Malange or Luanda. Our missionaries are good friends of ours. Their children played with our in Lisbon. Other very special friends are the ~~Lanna~~ Leonard Mitchisons in Dirilundo Quissico Portuguese East Africa. Be sure to cut off any English words. Lantern pictures on Sunday school papers showing biblical scenes are grand too especially any dealing with Jesus. Mr. Graham could give you complete addresses.

Tonight there is a big party for all the Africans and their wives who help us in our homes and also for the teachers and leaders in the schools. May, Harry, and Hal have charge of the game
